RANDALL HUFFMAN and BRYAN
QUERRY, on behalf of himself and all others
similarly situated,

Plaintiffs,

v.

COMMSCOPE, INC. OF NORTH
CAROLINA, and COMMSCOPE HOLDING
COMPANY, INC.;

Defendants.

Case No. 5:23-cv-132-KDB-SCR

**DECLARATION OF RAINA C. BORRELLI IN SUPPORT OF UNOPPOSED MOTION
FOR PRELIMINARY APPROVAL OF
CLASS ACTION SETTLEMENT**

1. I am counsel for Plaintiffs in the above-captioned case. This declaration supports Plaintiffs' Motion for Preliminary Approval of Class Action Settlement with Defendants CommScope Inc. of North Carolina and CommScope Holding Company, Inc. (collectively, "Defendants" or "CommScope"), and the attachments thereto, including the Claim Form, the Short Notice, the Long Form Notice, the Proposed Preliminary Approval Order, and the Proposed Final Approval Order, attached to the Settlement Agreement filed herewith in support of this motion. This declaration explains the bases for the settlement, including the significant relief it affords the Settlement Class. I have personal knowledge of the facts in this declaration and could testify to them if called on to do so.

LITIGATION BACKGROUND

2. Plaintiffs are victims of CommScope's Data Incident—having received breach notices from CommScope.

3. Upon receipt of the breach notice, Plaintiff Randall Huffman retained proposed Class Counsel.

4. Plaintiffs' counsel conducted extensive pre-suit discovery to ascertain all publicly available details about the cause, scope, and result of the data breach, as well as about the damages suffered by the Plaintiffs and the Class.

5. On August 21, 2023, Plaintiff Randall Huffman individually and on behalf of a putative class, filed an action against CommScope.

6. And on February 23, 2024, the Class Action Complaint was amended to add Plaintiff Bryan Query.

7. The case is styled *Huffman v. CommScope Inc. of North Carolina and CommScope Holding Company, Inc.*, Case No. 5:23-cv-132 (W.D.N.C.).

8. Plaintiffs brought the following claims: negligence, negligence per se, violation of the North Carolina Unfair Trade Practices Act, breach of implied contract, and unjust enrichment.

9. After meeting and conferring on multiple occasions regarding the potential for early settlement, the Parties agreed to mediate the case.

10. Following arms-length negotiations, the Parties negotiated a settlement with the assistance of Judge John W. Thornton, Jr. (Ret.), of JAMS at a mediation on December 21, 2023.

11. In the settlement negotiations, attorneys' fees were not discussed in any manner until the Parties had reached agreement on the material terms of the Settlement, including the terms of the Class relief.

12. The Parties agreed to resolve all matters pertaining to, arising from, or associated with this litigation, including all claims Plaintiffs and Settlement Class Members have or may have had against CommScope and related persons and entities.

13. Throughout their mediation session, the Parties engaged in an extensive evaluation and discussion of the relevant facts and law, and the Parties carefully considered the risk and uncertainties of continued litigation.

14. Following the mediation, the Parties diligently negotiated, drafted, and finalized the settlement agreement, notice forms, and came to an agreement on a claims process and administrator.

15. The Settlement Agreement was finalized and signed by the Parties on February 28, 2024.

16. The Parties selected RG/2 Claims Administration to act as the Settlement Administrator to oversee the administration of the settlement. RG/2 Claims Administration has a trusted and proven track record of supporting hundreds of class action administrations, with vast legal administration experience.

COUNSEL'S RECOMMENDATION

17. My years of experience representing individuals in complex class actions—including data breach actions—informed Plaintiffs' settlement position, and the needs of Plaintiffs and the proposed Settlement Class. While I believe in the merits of the claims brought in this case, I am also aware that a successful outcome is uncertain and would be achieved, if at all, only after prolonged, arduous litigation with the attendant risk of drawn-out appeals and the potential for no recovery at all. Based upon my substantial experience, it is my opinion that the proposed settlement of this matter provides significant relief to the members of the Settlement Class and warrants the

Court's preliminary approval. The settlement is well within the range of other data breach settlements in the relief that it provides.

18. The Settlement's terms are designed to address the potential harms caused by the data breach, providing credit monitoring and identity theft restoration services, reimbursing economic and non-economic losses, and verifying that CommScope improved its data security.

19. This result is particularly favorable given the risks of continued litigation. Plaintiffs faced serious risks prevailing on the merits, including proving causation, as well as risk at class certification and at trial, and surviving appeal. A settlement today not only avoids the risks of continued litigation, but it also provides benefits to the Settlement Class Members now as opposed to after years of risky litigation.

20. The Settlement's benefits unquestionably provide a favorable result to the Settlement Class Members, placing the Settlement well within the range of possible final approval and satisfying the requirements for preliminary approval under applicable law. Therefore, the Court should grant preliminary approval.

21. Additionally, the Notice program contemplated by the Settlement provides the best practicable method to reach Settlement Class Members and is consistent with other class action notice programs that have been approved by various courts for similarly situated matters. Direct notice to the Settlement Class by U.S. Mail is still deemed the "gold standard" for notice.

22. Thus, Settlement Class Counsel asks the Court to grant preliminary approval of the Settlement Agreement and enter the proposed preliminary approval order filed with this motion.
